

2500W solar panel

With robust 2500W AC output and 4000W surge power, the R2500 is the perfect power companion for RVs, Motorhomes, overloading, and off-grid outdoor adventures. Pair it with 2 ALLPOWERS SP039 600W foldable solar panels to harvest endless renewable energy to run your adventure rig or campsite solely from the power of the sun.

Renogy's Advanced Plus Kit gives you more power capacity to enjoy your off-grid life. It's the most comprehensive and powerful package available. Its self-contained structure provides a simple plug-and-play DIY installation. The efficient design yields a smaller footprint to help you optimize space.

The number of solar panels and batteries needed to power your AC unit depends on the AC unit's power consumption, and typical duration of usage. To run a 12000BTU mini-split AC unit (which is commonly used in tiny homes) for several hours per day, we recommend between 1000 and 2000 watts of solar, and between 4 and 8 kilowatt-hours. 2. ...
