Scalable from 15.4 to 983 kWh. Compatible with 1 and 3 Phase Inverters. Cobalt Free Lithium Iron Phosphate (LFP) Battery: Maximum Safety, Life. Cycle, and ...

Complete Lithium Battery Box Solution: The KickAss Lithium Battery Box is an all-in-one solution to a dual battery setup. Ideal for canopies, caravans & camper trailers with rooftop solar panels. Unlike other battery boxes that use a VSR and do not properly charge or maintain your battery, the integrated 25A DC-DC Charger is compatible with modern vehicles smart alternators and ...

Our premium range of lithium batteries is your reliable and affordable choice for solar energy storage and automotive energy in South Africa. Our diverse range of solar batteries is designed to efficiently meet your capacity needs, making ...

Proper storage for batteries is vital for organisation, safety, and extending their lifespan. With battery storage boxes, you can easily organise your batteries, protect them from damage, and ensure they are readily available when needed. Explore our range of high-quality storage solutions and enjoy the benefits of efficient battery management.

High-quality lithium battery storage boxes are designed and manufactured according to your storage needs. Utilizes high-grade vermiculite and is fitted with pressure release valves. Perfect for storing lithium batteries in manufacturing environments.

Proper storage for batteries is vital for organisation, safety, and extending their lifespan. With ...
