

Buenos Aires Battery Helium Inspection Price

How many people can a lithium battery power Buenos Aires?

The plant will generate 15 megawatts per year, which means it will produce lithium batteries capable of powering 2500 households. The batteries are envisaged for use in rural areas. For example, there is already a Buenos Aires province-backed project to supply the Paulino-Berisso island, home to 70 families who are currently off the power grid.

Where will lithium batteries be made in Buenos Aires?

State company Y-TEC, the tech arm of YPF, will open the first lithium battery cell factory in September, in La Plata, the capital of Buenos Aires province. Another plant, five times bigger, will kick off in Santiago del Estero in 2024.

How much does lithium cost in Argentina?

Argentina's customs office, the Dirección General de Aduanas (DGA), has set a reference price of \$53 per kg that will come into effect from Tuesday, June 7 and will apply to local lithium exports to the United States, Canada, China, Taiwan, Hong Kong, South Korea, Japan, Thailand and the Philippines.

Why has Argentina set a reference price for lithium carbonate?

Customs authorities in Argentina have set an official reference price for the country's exports of lithium carbonate, a move that was intended to add transparency to the government's monitoring of the sector and to the collection of royalties from local exporters.

Can Argentina start a battery industry?

The bill to develop the value chain of lithium and batteries, as it reads on the draft, hopes that Argentina can start by joining the industrialization of a few elements, such as cathodes and battery cells, and only then start producing batteries in the mid-term.

Does Y-TEC sell lithium in Argentina?

In the case of lithium, Y-TEC signed a contract with American company Livent, which extracts the mineral in Catamarca and, for the first time, sold part of its production in Argentina. According to Salvarezza, for industrialization to grow in scale, part of the production ought to be sold on the local market.
