

Energy Vehicle Warranty Battery Coverage

What is an EV battery warranty?

The specifics of an EV battery warranty can vary between different manufacturers and models. Typically, battery warranties have their own time and mileage limits, distinct from the overall electric vehicle warranty. Federal regulations require that car manufacturers provide coverage for electric car batteries for a minimum duration of eight years.

Are electric car battery warranties transferable?

Yes, electric car battery warranties in the UK are usually transferable to a new owner, as the warranty tends to be attached to the vehicle itself rather than the individual who purchased it.

What does an electric car battery warranty cover?

An electric car battery warranty will normally cover the replacement or repair of the battery if it experiences issues during the warranty period. It will cover things like manufacturing defects, workmanship issues, and capacity degradation beyond a specified threshold.

Do electric car batteries come with a warranty?

Yes, most electric car batteries come with an 8 to 10-year or 100,000 miles warranty. This is due to federal regulation in the U.S. mandating a minimum of eight years of coverage. Automakers have stepped up with excellent warranties on EV batteries.

Do extended warranties cover batteries?

Extended warranties: Extended warranties, also known as vehicle service contracts, do not usually cover batteries, but some companies have battery coverage that's either included with certain plans or available for an extra charge.

Does a new car warranty cover a 12 volt battery?

Most new car warranties include coverage for the 12-volt battery that helps start your car. Electric vehicles (EVs) also come with extra warranties for their much more expensive traction batteries. Even if your car is out of warranty, a replacement starter battery might have coverage from its manufacturer.

You can find the warranty coverage details in your Warranty Guide brochure, or on the manufacturer's website. Canadian Energy's Canada Proof batteries offer a long-lasting hassle-free warranty. Whether it's our standard 42-month free replacement, or our 5 year extended platinum warranty, it's the best in the business.
