

How much is the shipping price of large size batteries

Can You ship a battery across a country?

Many electronic products and devices contain batteries - in particular, lithium batteries, which are commonly found in laptops, smartphones, tablets, medical devices and power tools. There are regulations attached to the cross-border shipping of batteries to ensure they travel safely. These regulations vary depending on the type of batteries.

Where can batteries be shipped?

Batteries can be shipped on all main modes of transportation used in logistics: air, ocean, road, and rail. However, there are some different regulations and requirements depending on the mode of transport. Below we cover general guidelines applicable to all transport modes, but check the following dangerous goods regulations for specific info:

Are wet batteries safe to ship internationally?

Like lithium batteries, there are strict regulations to follow when shipping wet batteries internationally. An IATA Dangerous Goods label must be attached, along with the correct UN number and shipping name for the particular type of batteries.

How to ship batteries?

We've listed some must-dos on how to ship batteries: Batteries need to be packed in inner packaging that completely surrounds them, like a fiberboard box. This prevents short circuits. Inner packaging must be packed in strong, rigid outer packaging like wood, fiberboard, or metal boxes. This provides impact and crush protection.

What types of batteries can I mail or ship internationally?

There are many types of batteries that have different requirements when you wish to mail or ship them internationally: Wet batteries, also known as flooded lead-acid batteries, are commonly found in vehicles and backup power systems.

How do I ship a lithium hydride battery?

Choose a strong, double-walled box or container to hold all the contents securely. Seal the outer box with plenty of strong tape, and attach the correct shipping label clearly to the outside. For dry and nickel-metal hydride batteries, this will typically be a standard shipping label.
