What is CATL's new EV battery pack?

CATL launched the battery pack with Yutong Bus Co to power commercial vehicles like buses and different classes of trucks. Yutong, one of China's largest bus makers, said the new battery packs will be used in upcoming electric vehicles. According to the company, the new long-lasting EV battery has zero degradation through the first 1,000 cycles.

Will Yutong's new EV battery pack be used in electric vehicles?

Yutong, one of China's largest bus makers, said the new battery packs will be used in upcoming electric vehicles. According to the company, the new long-lasting EV battery has zero degradation through the first 1,000 cycles. The new EV battery pack, made with CATL, has a 932,000 mile (1.5 million km), 15-year warranty.

Will Samsung's new EV battery pack be able to drive 600 miles?

Samsung SDI, provider of electric vehicle batteries to OEMs such as Stellantis, Rivian, and BMW Group, have unveiled a new solid state battery in development for EVs. This battery pack, with double the energy density of a conventional lithium-ion EV battery pack, could enable a drivable range of over 600 miles, when fitted to EVs.

How much energy does a CATL battery pack have?

Read: CATL Announces New Batteries That Are So Energy Dense, They'll Make Electric Planes Possible
CATL says its new battery pack has an energy density of 205 Wh/kg, providing it with a range of over 621 miles (1,000 km) on the Chinese testing cycle.

How long does a Yutong EV battery last?

According to the company, the new long-lasting EV battery has zero degradation through the first 1,000 cycles. The new EV battery pack, made with CATL, has a 932,000 mile (1.5 million km), 15-year warranty. Yutong calls the long-life battery an industry first.

Does Tesla have a new LFP/Lmfp battery pack?

Tesla got a type approval in Europe for a new LFP/LMFP battery pack supplied by CATL. This could be used in entry-version Model 3 and Model Y EVs after the standard-range RWD variants have been discontinued.

That tripod also comes in handy when you're working remotely and provides an opportunity for you to hang the Outdoor Battery from your pack, tent, or wherever you want. Read Review: Nestout ...
