

# Lead-acid battery production complete equipment manufacturer

BM-Rosendahl is a global supplier of battery manufacturing solutions for lithium-ion, sodium-ion and lead-acid battery production. With our machines, you can assemble lead-acid automotive, motorcycle, industrial traction, and stationary batteries as well as lithium-ion energy storage and transportation batteries.

Process knowledge, and deep expertise in the processing of materials, allow us to produce lead-acid batteries equipment and complete automatic plants with attention to the details granting reliability. DITEC Engineering is a brand of H2 Ltd, a leader in water and air treatment systems, with more than 20 years in the industry.

With over 90 years of industry experience, Wirtz Manufacturing has been a driving force in lead-acid battery manufacturing technologies. Our extensive experience ranges from standalone equipment to complete turnkey facility design, installation, and training.

Battery Technology Source (BTS) is a specialized supplier of lead-acid battery manufacturing equipment. With more than 30 years of worldwide experience, among our partners are some of the largest manufacturers of motorcycle, automotive and industrial batteries.

Automatic assembly lines for lead-acid battery production are essential for consistent and reliable battery quality. BM's equipment can assemble up to 6 batteries/min and be adjusted to different battery types, even while in use.

11 Lead Acid Battery Manufacturers in 2024 This section provides an overview for lead acid batteries as well as their applications and principles. Also, please take a look at the list of 11 lead acid battery manufacturers and their company rankings. Here are the top-ranked lead acid battery companies as of December, 2024: 1. ncorde Battery Corporation, 2. Power Sonic, ...

Wirtz Manufacturing is a global leader in equipment design and technology for the lead acid battery market. Since John Wirtz started in 1932, the company focus has been on high quality products, continuous improvement of existing technologies, and the development of ...

We at BM-Rosendahl cover all the steps from consulting to commissioning of your lead-acid battery manufacturing equipment. Discover our variety of production equipment - from the starter model up to the fastest enveloping machine in the world ( BMR 15X TT ) or the most efficient cast-on-strap machine with a single mold ( RoCOS X1 ).
