What is a lithium iron phosphate battery?

Lithium iron phosphate battery is characterised by outstanding durability, current performance and charging speed. It also has a longer lifetime and is a more lightweight alternative to lead-acid batteries. LiFePO₄ retain 100% of their capacity even for 3000 charging cycles and thus they provide over 10 years of operation.

What is a 12V 100Ah lithium iron phosphate battery used for?

This 12V 100Ah Lithium Iron Phosphate battery can also be used to replace standard lead-acid batteries in the use of mobility scooters, UPS system, fire alarm systems, access control systems and medical devices. They are growing in popularity for military and aerospace applications. The Canbat CLI100-12 is a UL certified 12V 100Ah LiFePO₄ battery.

How long does a LiFePO₄ battery last?

It also has a longer lifetime and is a more lightweight alternative to lead-acid batteries. LiFePO₄ retain 100% of their capacity even for 3000 charging cycles and thus they provide over 10 years of operation. Due to its low self-discharge rate the battery will be fully ready for operation even after a year of storage.

Is a 12ah lithium battery better than a 48AH battery?

Thus a 12Ah lithium battery would perform closer to a 48Ah lead-acid battery rating for higher discharge currents and life performance. Ionic's lithium-ion batteries have 1/3 the internal resistance of a similar capacity lead-acid battery and they can be safely discharged to 90% DOD.

Will a 12ah lithium battery damage a lead-acid battery?

Going below 50% DOD will damage a lead-acid battery, even if they claim to be a deep discharge battery. Thus a 12Ah lithium battery would perform closer to a 48Ah lead-acid battery rating for higher discharge currents and life performance.

How do nanophosphate batteries work?

Nanophosphate batteries are equipped with a battery management system BMS which monitors not only the charge and discharge of the battery but also the temperature thus ensuring the safety of operation and maximising the battery life. Goods available. Questions? Ask us!
