

Nurse pocket watch battery type

How long does a nurse watch battery last?

LR626,AG4,377 or 177. The battery is readily available at NurseWatches.com,Dollar Stores,Drug Stores or Walmart. Alkaline type will last up to a year and silver oxide type will last 1-2 yearsbut are more expensive. To access the battery you need to carefully pry off the back cover with a sharp edge (eg. paring knife).

Which watch is best for a nurse?

The G-Shockis one of the most durable watches on the market,perfect for the nurse who doesn't want to think twice about what's on their wrist. For a tough watch that can stand up to plenty of daily knocks,consider the G-Shock CasiOAK. This shock-resistant watch is reinforced by its carbon core structure,making it nearly indestructible.

How do nurse watches work?

A lot of nurse watches feature big numbers on their clock faces. This helps you tell time more easily. Another feature to watch out for in medical watches is a pulse counter or a heart rate monitor. To use, start counting once the second hand is at 12:00. Count 15 heartbeats, then see where the second hand is, and read the counter.

Are nursing watches legible?

Thankfully,there are high-qualitynursing watches available in every price range. Legible: You're on the move,and need to read the time now,not squint at your watch until you can finally make out the time. Having a watch that is legible at a quick glance is important. Here are a few things to look out for to ensure a watch is legible enough.

What is a nurse fob watch?

A nurses fob watch is not worn on the wrist,so there is much less risk of bacteria transfer to patients. The hands and wrists of a nurse or carer are much easier hygienically washed as there is no wristwatch worn. At NursesDNA you can order many different models of nurse watches in multiple colors.

Can a nurse use an Apple Watch?

"With the Apple Watch,a nurse can stay attentive to their duties while also still being available for urgent matters." This watch is highly functionalfor work and play. The sturdy resin case protects the watch from collisions with medical equipment. The watch is water-resistant; the band is durable and easily cleaned.
