What is the best outdoor solar light?

Durable and versatile, the AloftSun Motion Sensor Solar Landscape Spotlights are our best outdoor solar light pick with three easy-to-use lighting modes and two installation methods, so you can have bright light when and where you need it.

What type of outdoor solar light do I Need?

The type of outdoor solar light you choose will depend on the area that you're trying to light, as well as the ambiance you're trying to create. Soft dim light can be perfect for an alfresco dining experience, whereas bright white light is ideal for a practical lighting solution. The choice is yours!

What are the different types of outdoor solar lights?

Based on their light output, outdoor solar lights fall into three general types: motion-activated, dusk-to-dawn, and timer-controlled. Because of solar cell size and battery capacity, the solar energy gathered is a limited resource, so consider when you want the lights to shine and for how long.

How do I choose a solar outdoor light?

Selecting a solar outdoor light is about choosing the right type of outdoor fixture for the job. Floodlights are the best option for providing visibility and security for driveways and areas around the home, while pathway lights are ideal for illuminating walkways.

Are outdoor solar lights eco-friendly?

Outdoor solar lights can go just about anywhere as long as the solar panel receives enough sunshine. Since solar lights are powered by the sun, these self-sufficient lights are eco-friendly and won't add a single cent to your electric bill. Once installed, outdoor solar lights are low maintenance.
