China now has 108 GW of rooftop solar, more than anywhere else, after adding 29 GW in 2021, the NEA said. Most of the extra capacity was installed in the fourth quarter as developers rushed to meet a subsidy deadline. At the same time, larger scale installations have stuttered due to high costs and project delays. China's main industry body had estimated ...

The Director Vice President Deputy manager of Yaskawa Shenyang, Mr. Xu, delivered a speech and expressed his appreciation for BECIS's rapid and high-quality delivery of the project. He emphasized the pivotal role of this solar plant, situated at the Shenyang factory, as the largest solar plant within the Yaskawa Group. Mr. Xu underscored Yaskawa Electric (Shenyang) Co., ...
