

Solar photovoltaic panel unloading video

Can you walk on a LONGi Solar PV module?

DO NOT stand or walk on PV modules. Prior to beginning installation, review the Installation Manual for LONGi Solar PV Modules. Do not carry a module alone; always use two people to lift and carry. Do not drill holes in the frame of the module. In addition to invalidating the product warranty, this will also reduce

How do I know if my PV modules have been shipped?

Before you unpack your modules, check the shipping label to ensure you received the right modules. Once you unpack your modules, check the module frame serial number and model label against the shipping label. The serial number is the unique identifier of each PV module.

What if a container is unloaded on the unloading platform?

If the container is unloaded on the unloading platform, it is required to be used with the unloading platform or tooling. The height of the unloading platform and the height of the unloading tooling should be kept at the basic level with the bottom of the container (loading bottom plate), and the height tolerance should be controlled within $\pm 10\text{mm}$.

The load management system in the wall of your PV pallet Series X, also referred to as the "Slider Handles," helps with loading and unloading solar modules in an upright position.

To ensure the safety of loading, unloading, unpacking and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and download relevant content from Jinko's official website. Please do not hesitate to contact us if you have any questions.()

All solar panel stock video clips can be downloaded for free, without watermark, to be used in your next awesome video project under the Mixkit License! Also check out Alternative Energy, Solar, Energy, Outdoor, Environment, Electricity and Alternative. Read more. Quality artist ...

LONGi's PV solar modules. This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules. No matter where you are in the delivery and installation process, LONGi is here to help if something goes wrong.

This short video explains best practices for loading, banding, and unloading solar modules with your PV pallet Series X. Note that banding is always necessary to properly secure your PV modules in transit.

To ensure the safety of loading, unloading, unpacking and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and ...
