

Sri Lanka Battery Specifications

What are the characteristics of rechargeable batteries in Sri Lanka?

As a result most of the rechargeable batteries are resistance to shock,vibration,chemicals and heat. All our batteries in Sri Lanka have different number of cells depending on their voltage. The voltage of our lead acid battery cells range from 3 cells Volts to 6 cells.

How many cells are in a battery in Sri Lanka?

All our batteries in Sri Lanka have different number of cells depending on their voltage. The voltage of our lead acid battery cells range from 3 cells Volts to 6 cells. A fully charged 12-volt battery should read 12.70 to 13.40 volts,fully charged 6-volt battery should read 6.25 to 6.37 volts.

What voltage is used in Sri Lanka?

Voltage used in Sri Lanka is 230V and the electrical frequency is 50Hz. (more details after you choose where are you plugs from.) Port Select your departure country for a detailed report of adapters,plugs and handling advise for electronics abroad. Are your plugs from United States of America?

How long does a motorcycle battery last in Sri Lanka?

We have wide range of maintains free long lasting motorcycle batteries with Japanese standards and they have shown excellence performance in Sri Lankan market for 12 years. We have wide range of maintains free long lasting motorcycle batteries with Japanese standards. 100% performance guaranteed.

What are rechargeable batteries made of?

Most battery cases are made to resist high impact b using non-conductive ABS plastic or other similar materials such as polypropylene matching the impact and non-conductive factors. As a result most of the rechargeable batteries are resistance to shock, vibration, chemicals and heat.

Which car battery can be tested through a Nittambuwa battery tester?

All car lead-acid starter battery,including regular flooded,EFB,AGM tablet battery,AGM winding battery,GEL battery..etc can be test through these testers. Nittambuwa.

We provide high quality and very durable deep cycle batteries for electric bikes and back-up systems. Provide outstanding customer service that satisfies and exceeds customer expectations. Build long lasting relationships with our customers, shareholders, employees, distributors and suppliers, founded on a high level of integrity and trust.

The A23 battery in sri lanka is a dry cell battery mainly used for small electronic keychain radio devices, such as keyless vehicle entry systems, home security systems, garage door openers, and Bluetooth headsets. A23 battery is ...

Sri Lanka Battery Specifications

The A23 battery in Sri Lanka is a dry cell battery mainly used for small electronic keychain radio devices, such as keyless vehicle entry systems, home security systems, garage door openers, and Bluetooth headsets. A23 battery is cylindrical shape battery with eight cells. High gain radio devices use 12V A23 with usual capacity close to 55 mAh ...

Huawei Pura 70 Price in Sri Lanka LKR 276913.99. Features Display: 6.6 inches, Chipset: Kirin 9000S1, Li-Po 4900 mAh, non-removable Battery, Storage 256GB 12GB RAM, 512GB 12GB RAM, 1TB 12GB RAM, EMUI 14.2 (International), HarmonyOS 4.2 (China) Operating System.

We provide high quality and very durable deep cycle batteries for electric bikes and back-up systems. Provide outstanding customer service that satisfies and exceeds customer expectations. Build long lasting relationships with our ...

Apple iPhone 13 Pro Max Price in Sri Lanka . Features Display: 6.7 inches, Chipset: Apple A15 Bionic (5 nm), Li-Ion 4,373mAh, non-removable Battery, Storage 128GB 8GB RAM / 256GB 8GB RAM / 512GB 8GB RAM, 1TB, iOS 15 Operating System.

Karacus Energy manufactures and distributes Lithium Iron Phosphate (LiFePO₄) batteries that are the perfect replacement for traditional lead batteries. As the chief Lithium Iron Phosphate Battery Suppliers in Sri Lanka, we offer a ...

At IMEX Solar we provide tailor-made engineering solutions to suit individual project requirements by integrating the latest technology developments into our project solutions. Our engineering team excels in addressing specific consumer needs and developing superior quality solar power systems to yield the best results for our customers.

Oppo Reno12 Pro Price in Sri Lanka LKR 200,000. Features Display: 6.7 inches, Chipset: Mediatek Dimensity 7300 Energy (4 nm), 5000 mAh, non-removable Battery, Storage 256GB 12GB RAM, 512GB 12GB RAM, Android 14, up to 2 major Android upgrades, ColorOS 14.1 Operating System.

Karacus Energy manufactures and distributes Lithium Iron Phosphate (LiFePO₄) batteries that are the perfect replacement for traditional lead batteries. As the chief Lithium Iron Phosphate Battery Suppliers in Sri Lanka, we offer a LiFePO₄ battery ...

LiFePO₄ (Lithium Ironphosphate) battery; High energy density, Light weight, saving space. Long cycle life for deep cycle. Fast charge capability; Integrated Battery Manage System (BMS) to ensure battery safety and reliability. Support ...

At IMEX Solar we provide tailor-made engineering solutions to suit individual project requirements by integrating the latest technology developments into our project solutions. Our engineering team excels in addressing specific ...

Sri Lanka Battery Specifications

Samsung Galaxy Note8 Price in Sri Lanka . Features Display: 6.3 inches, 101.1 cm² (~83.2% screen-to-body ratio), Chipset: Exynos 8895 (10 nm) - EMEA Qualcomm MSM8998 Snapdragon 835 (10 nm) - USA & China, Non-removable Li-Ion 3300 mAh battery Battery, Storage 64/128/256 GB, 6 GB RAM, Android 7.1.1 (Nougat), upgradable to Android 9.0 (Pie) ...

Based on various applications and requirements we can customize the battery as per your specifications. We can customize voltage, discharge current, capacity, charging terminals etc. to suit your application.

LiFePO₄ (Lithium Ironphosphate) battery; High energy density, Light weight, saving space. Long cycle life for deep cycle. Fast charge capability; Integrated Battery Manage System (BMS) to ensure battery safety and reliability. Support parallel connection to increase capacity; LED status and alarm indication; Low self-discharge rate; No memory ...

Exide is Sri Lanka's most trusted lead acid battery which offers superior performance to meet the power storage requirements of the country. Manufactured by the Associated Battery ...
