## Solar Power Station

Who is state power Investment Corp?

State Power Investment Corp, the world's largest investor in solar power generating plants, has been stepping up efforts in clean energy transformation and is now taking a lead in the sector.

What has changed at State Power Investment Corp?

“State Power Investment Corp has undergone earthshaking changes through transformation from a thermal-intensive to a green power-dominated energy company, and from a traditional power generation enterprise to a forerunner of clean energy,” said Qian Zhimin, chairman of the company.

When will Xingchuan demonstration photovoltaic power station be completed?

It plans to complete the solar park by September 2023. SPIC said it completed the pilot solar power plant near the town of Zhengdou, in China's Sichuan province. The Xingchuan Demonstration Photovoltaic Power Station is the first unit of a 600 MW project that SPIC is building in the area at a planned cost of CNY 3.2 billion (\$444.2 million).

Who is SPIC solar?

Relying on the industrial platform advantages of SPIC group and Huanghe Hydropower Development Co., Ltd, SPIC Solar is committed to the strategic coordinated development of the upstream and downstream of the photovoltaic industry chain, and actively promotes the formation of a good industrial ecological chain.

What happened to China Power Investment Corp and state nuclear power Technology Corp?

In July 2015, China Power Investment Corp and State Nuclear Power Technology Corp, the country's two major electricity industry players, merged into State Power Investment Corp.

How many solar plants does SPIC have in 2023?

As of 2023, SPIC holds over 69.19GW solar plants, ranking 1st in the world for 8 successive years, also the biggest clean energy supplier in the world.

State Power Investment Corporation Somos uno de los mayores generadores de energí;a del mundo y una empresa global líder en ingeniería, adquisición y construcción (EPC). Nuestros negocios suman más de 236 GW de capacidad ...

As one of the five major power generation groups in China and the largest solar power generation enterprise in the world, SPIC ranked 262nd among the Fortune Global 500 in 2023 with its businesses covering 47 countries and regions.
