

Waterproof Solar Powered Cage China

What is Chiko solar carport?

CHIKO carport provides solution to more than 30 countries and regions. It has many projects and large shipments, and has a very large cost advantage. At the same time, the CHIKO solar carport can replace the traditional carport, not only park but also generate electricity, and enjoy 25 years of power generation revenue.

What is a solar carport & how does it work?

Developed by Chinese manufacturer Enerack, the carport can host all types and sizes of solar panels and relies on waterproof technology for rain protection. The system can be grid-connected, linked to storage, or used for the recharging of electric vehicles. Image: Enerack

How to install solar panels on a carport?

The panels can be installed on the carport with a tilt angle ranging from 5 to 30 degrees and in either a landscape or portrait configuration. The carport is made with aluminum alloy of the type AL6005-T5 and relies on a longitudinal sink rail that is able to catch water from the horizontal gap between the solar module.

How big is a solar carport?

"We started developing the system a few years ago when the average size of the solar modules was 1,755 mm x 1,038 x 35,mm and power output was 300 W," said Yordanov. "Nowadays, our carport system can host modules with dimensions of up to 2,280 mm x 1,133 mm x 35mm."

How do solar panels keep water out of a sink?

"To keep the water out of the sink as much as possible the solar panels are installed at a distance of 1 mm," Yordanov stated "The fixed way of the solar panel is designed to be fixed from the bottom of the module itself with a customized clamp, which makes installation easier." The system is scalable in a MW-sized configuration.

Can a solar carport be used for recharging electric vehicles?

The system can be grid-connected, linked to storage, or used for the recharging of electric vehicles. Image: Enerack Chinese PV mounting system provider Enerack is offering a solar carport solution for shopping centers, gas stations, public parking lots, and private homes.
