

What is the product code of the battery cabinet

How do I connect a 2U Battery Cabinet?

Connect a single battery cabinet system. Refer to the illustration, "Cabling 2U Cabinets in Parallel," above, and connect the "Port-B" end of the battery cables to the battery ports on the UPS. Connect the "Port-A" end of each cable to Connector A on each battery cabinet in the battery string. Connect the communication cable.

How do I connect a battery cabinet?

Connect the first string of additional battery cabinet systems. Connect a battery cable to Connector B on the first cabinet in the previous string, and to Connector A on the first cabinet in the additional string. Connect the second string in additional battery cabinet systems.

How do you ground a battery cabinet?

Ground the battery cabinet to the main building ground. A ground stud inside the cabinet is provided for this. In dual cabinet strings on the 16HX800F/16HX925Fs, a bare copper bus bar is supplied and to be installed between the tops of the battery cabinets. Threaded holes are provided in the cabinets for easy connection of the bus bar.

Are DataSafe XE battery cabinets pre-wired?

DataSafe XE battery cabinet systems are factory pre-wired to minimize installation time. The cabinet design optimizes the overall footprint. When referring to the model listings below: The first 2 digits represent the available cabinet sizes (all noted as 25 below are also available in 39, 43 or 55).

How do I connect a UPS to a battery cabinet?

Connect to the communication port on the UPS and Communication Port 1 on the first battery cabinet. Connect the first string of additional battery cabinet systems. Connect a battery-to-battery cable to Connector B on the first cabinet in the previous string, and to Connector A on first cabinet in the additional string.

What is a DataSafe HX Battery Cabinet?

The HX battery cabinet offering now makes the DataSafe HX battery the ideal choice to optimize your UPS system installation, while offering flexibility in allowing customized options enabling you to design the perfect system for your particular application. DataSafe HX battery cabinet systems are factory pre-wired to minimize installation time.

Schneider Electric Galaxy VS Classic Battery Cabinet - Config A2 - batterijhouder. Insight #: GVSCBC10A2. Fabrikant #: GVSCBC10A2. UNSPSC #: 26111723. 0. Jouw prijs: EUR 12.617,99 ex BTW.
